The 2010 TM Racing Motorcycles Have Arrived!

Abbotsford, December 12, 2009: The 2010 TM Racing motorcycles have landed! Models are now in stock and ready for delivery.

Want to see a TM before buying one? How about arranging a test ride to see what you think? At TM we do that.

We currently have associates in Southern California, Oregon and New York that will show the bikes and set up demo days. Please feel free to contact the distributor directly for arranging a test ride. It's quick and easy with our contact form or you can call 604-853-1333

The machines available consist of the EN300 in Southern California, the 450MX in Oregon and the 125 MX in New York.

Are you part of a group or a club? We can arrange personalized tests for you and your group.

Options! We've got options!

TM Racing Motorcycles / Barker Bros. Cycles can customize your machine with a multitude of options direct from the factory. For instance, do you want the wide ratio EN250 transmission in your 250MX? We can do that! Do you want to upgrade your rear shock from the factory? We can do that as well. Prefer an 18" rear wheel? We can do that too.

In addition we have a list of factory-installed options available.

Racer Assistance Program

We understand that our customers like to compete with our motorcycles, so we've put together the most comprehensive Racer Assistance Program in the industry.

Our program is not lopsided towards the top pro racers, we support the riders who make up the backbone of motorcycle racing.

Please fill out our RAP application to see if you qualify for the program.

At Barker Bros. Cycles your satisfaction is our highest priority. Please call or contact us to see how we can assist you.
